

Quote Information Sheet

The below form will help save you time and get a quick estimate. Please complete your full contact details and as much detail as you can about your stone requirements to assist us to complete your estimate.

Name: Address:

Contact Number: Email:

Shape of Kitchen: Galley, L-Shape, U-Shape? Please circle below.

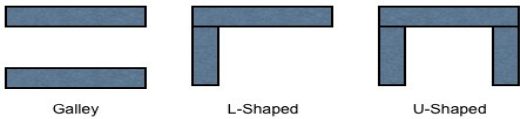

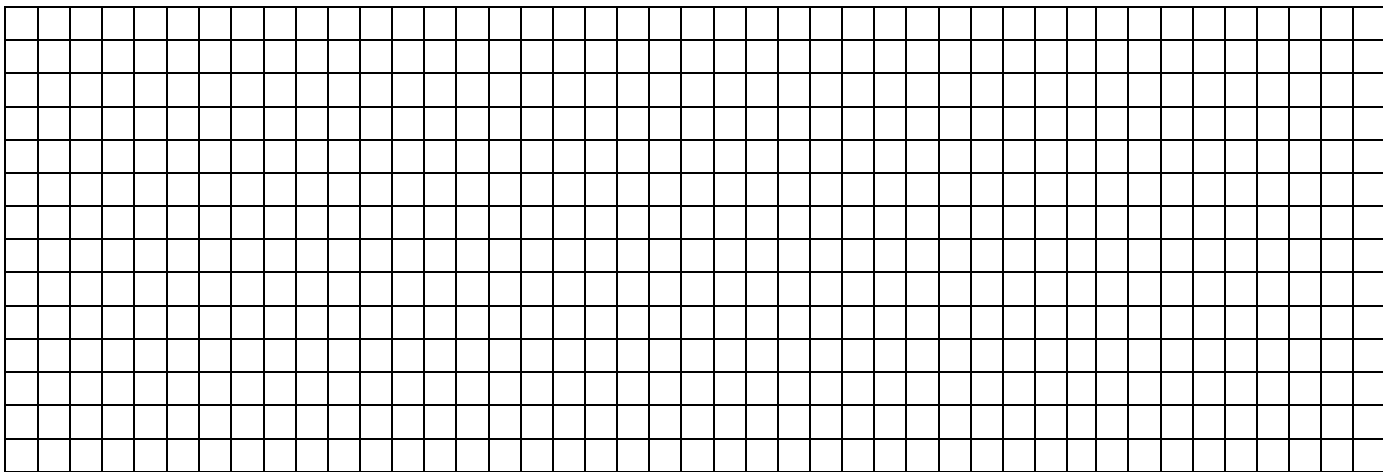

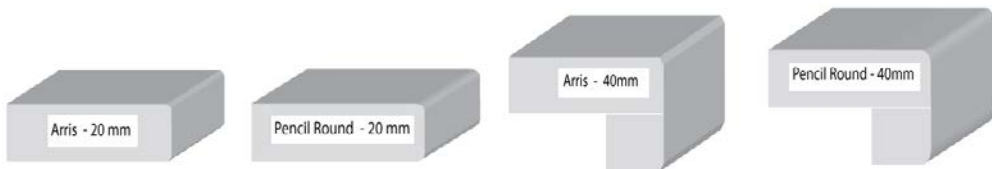

Diagram: Please use the below graph paper to roughly sketch out your kitchen/vanity/laundry/BBQ shape either existing or that you would like created (include any sink, vanity & hotplate positions).

1. **Highlight** which edges are seen ie are not against a wall or cupboard (the amount of visible areas can influence price, due to polishing).
2. **Take a measurement of each edge.** In order to measure correctly, take until furthest point at edge, i.e. for curved surface, take to furthest peak in curve. **Record measurement in millimetres** if possible.

Profiles: The most common profiles & thickness of stone are 20mm & 40mm Arris and Pencil Round – circle your choice. (Other profiles are available upon request)

Project Type: Flat pack, new bench tops only or completely new kitchen?

Picture: Bring along or email us any pictures of your current kitchen. This will assist us greatly.

Colour Match: It's a good idea to bring in tiles or colour selections that need to match, and to have an idea of what you like prior to your visit.

Ready to get started? Email or print this and bring it into our showroom at 10a Production Street, Bundaberg.
